**Members of the International
Coordinating Council of Employers'
Unions (ICCEU)**

Dear colleagues,

After more than one month of unprovoked and inexplicable aggression of the Russian Federation against Ukraine we would like to thank all our friends, business and employers associations from Poland, Baltic states, Bosnia and Herzegovina, Croatia, Georgia who clearly expressed their support to Ukraine, Ukrainian business and people and declared their withdrawal from the agreement established the International Coordinating Council of Employers' Unions (ICCEU).

We also understand our colleagues from Kazakhstan and Bulgaria who, recognizing the necessity of existing of an organization, which, after the war of the Russian Federation against Ukraine ends, would follow up the mission and initial goals of the ICCEU, expressed these ideas in the correspondent letters.

With this letter Confederation of Employers of Ukraine expresses its withdrawal from the ICCEU which under the presidency of the President of the Russian Union of Industrialists and Entrepreneurs Mr. O. Shokhin, on the resignation of whom we addressed to ICCEU members in our letter on March 1, 2022, expressed any negative reaction on the war of the Russian Federation against Ukraine.

We believe that after the war ends, we together will be able to suggest other form of an organization instead of the ICCEU, which, obviously, exhausted its tasks and mandate.

Sincerely,

Oleksii Miroshnichenko
President
